Completion of the entire program is necessary in order to become certified as a psychic professional developed for *Off the Beaten Path Intuitive Arts* by Rev. Melissa Leath. Because each stage is designed to challenge and inspire you to your own level of integrity, and builds on each stage, all four levels must be taken in order to become certified. You will be introduced into a specific model of psychic and mediumship professionalism which you can fully integrate into your specialty and expand into a broader vision for your life's work.

### **ABOUT THE PROGRAM**

Everyone is psychic and has psychic abilities to some extent. They are God-given abilities - we just need to learn to develop and *control* these abilities to help guide us through our busy lives, or in professional consultations.

Use your abilities personally to help create strong business relationships and personal relationships, OR use them to help others with guidance and information through intuitive readings or consultations. Learn to let your intuition and psychic abilities help your soul grow. Learn when it is your ego talking, or your spirit guides. Learn to use these gifts to assist others in their life path.

*Rev. Melissa Leath, owner of Off the Beaten Path Intuitive Arts, medium, metaphysician and author of Psychic Integrity, The Respected Practice of Modern Day Mystics, facilitates your learning process, practice and expertise.*
